Notes to Financial Statements

1. Summary of Significant Accounting Policies and Going Concern:

A. Accounting Practices

Syncora Guarantee Inc. (the “Company” or “Syncora Guarantee”), a New York domiciled financial guarantee insurance company, prepares its statutory basis financial statements in accordance with accounting practices prescribed or permitted by the New York State Department of Financial Services (the “NYDFS”). The NYDFS recognizes only statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under insurance law. The National Association of Insurance Commissioners (“NAIC”) Accounting Practices and Procedures manual (“NAIC SAP”), has been adopted as a component of prescribed or permitted practices by the State of New York. The State of New York has adopted certain prescribed accounting practices that differ with those found in NAIC SAP. The NYDFS has the right to permit other specific practices which deviate from prescribed practices.

Reconciliations of net income (loss) and policyholders’ surplus (deficit) between the amounts reported in the financial statements (NY Basis) and NAIC SAP follow:

Permitted or Prescribed Practices

- (a) In connection with the reinsurance agreement with Assured Guaranty Corp., which closed on June 1, 2018 (see Note 21), the NYDFS permitted the Company to set a fixed contingency reserve balance of \$5 million. This fixed reserve balance will not increase through accretion nor decrease through releases. Pursuant to prior approvals granted by the NYDFS in accordance with section 6903 of the New York Insurance Law (“NYIL”), as of June 30, 2026 and December 31, 2025, the Company has de-recognized \$482.8 million and \$491.1 million, respectively, in the aggregate, of contingency reserves on terminated policies, and policies on which the Company has established case reserves, whereas under NAIC SAP the Company would still be required to carry such reserves.
- (b) The NYDFS granted the Company a permitted practice to de-recognize reserves for unpaid losses, unearned premium reserve and contingency reserves relating to, and expense payments (which are reflected in “Losses incurred” on the Statement of Income) made to effect, certain transactions executed in connection with its continued remediation efforts described in Note 21.G. which effectively defeased or, in-substance, commuted, in whole or in part, the policies relating thereto, whereas under NAIC SAP such reserves would continue to be carried until such time the underlying contracts were legally extinguished and the payments made to effect the transactions would have resulted in the recording of an asset, as such payments were made in exchange for the assignment to the Company or an affiliate of the Company of all rights under the aforementioned policies. As of June 30, 2026 such de-recognized reserves for unpaid losses, unearned premium reserve and contingency reserve aggregated \$153.7 million, \$10.9 million and \$4.7 million, respectively. As of December 31, 2025 such de-recognized reserves for unpaid losses, unearned premium reserve and contingency reserve aggregated \$142.5 million, \$11.3 million and \$4.7 million, respectively.

B. Use of Estimates

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results may differ from estimates and those differences may be material. These interim notes to financial statements do not include all disclosures required in connection with annual financial statements included in the Company’s Annual Statement. In addition, the results of operations for the interim period ended June 30, 2026 are not necessarily indicative of the results that may be expected for the year ended December 31, 2026. These interim financial statements of the Company should be read in conjunction with the Company’s Annual Statement for the year ended December 31, 2025.

C. Accounting Policies

Notes to Financial Statements

There has been no significant change in the Company’s accounting policies from that disclosed in the Company’s 2025 Annual Statement.

Principle-based bonds (“PBB”) with an NAIC designation of 1 or 2 (highest-quality and high-quality) are valued at cost, adjusted for amortization of premium and accretion of discount which is calculated using the constant yield method. PBB with an NAIC designation of 3 through 6 (medium quality, low quality, lowest quality and in or near default) are valued at the lower of amortized cost, adjusted for amortization of premium and accretion of discount which is calculated using the constant yield method, or market value. The prospective method is used to value principle-based loan-backed securities. The Company employs Bank of New York Mellon Asset Servicing as its third party investment accounting service provider. Prepayment assumptions for principle-based loan-backed and structured securities are obtained from Bloomberg or determined using the Company's internal estimates.

L. Restricted Assets

As of June 30, 2026, the Company had, in the aggregate, approximately \$12.7 million on deposit to collateralize its contractual obligations under certain agreements, including reinsurance. Of such deposits, \$3.2 million, and \$9.5 million are recorded on the Statement of Assets, Liabilities, Surplus and Other Funds in “Aggregate write-ins for other than invested assets” and “Cash, cash equivalents and short-term investments”, respectively.

In connection with the reinsurance agreement with Assured Guaranty, the Company agreed to maintain a minimum of \$15.6 million, based on aggregate fair value, on deposit through June 1, 2023, which reduces the Company’s share of loss reserves under this reinsurance agreement. As of June 1, 2023, the Company may be permitted to release a portion of funds held on deposit related to this reinsurance agreement based on calculations set forth in the reinsurance agreement. As of June 30, 2026, the amount on deposit was \$8.9 million.

As of December 31, 2025, the Company had, in the aggregate, approximately \$12.4 million on deposit to collateralize its contractual obligations under certain agreements, including reinsurance. Of such deposits, \$3.2 million and \$9.2 million are recorded on the Statement of Assets, Liabilities, Surplus and Other Funds in “Aggregate write-ins for other than invested assets” and “Cash, cash equivalents and short-term investments”, respectively.

There has been no significant change from that disclosed in the Company’s 2025 Annual Statement.

7. Investment Income:

- A.

Accrued investment income was \$1,967,553 and \$2,080,148 as of June 30, 2026 and December 31, 2025, respectively. There are no amounts due and accrued over 90 days included in these balances.
- B.

The Company does not admit investment income due and accrued if amounts are over 90 days past due.

8. Derivative Instruments:

As of June 30, 2026, the Company recorded derivative assets and liabilities of \$194.7 thousand and \$12.0 thousand, which are included in “Derivatives” on the accompanying Statement of Assets and Statement of Liabilities, Surplus and Other Funds.

9. Income Taxes:

The Company recorded \$3.5 million current income taxes during the six months ending June 30, 2026 compared to zero current income taxes during the six months ending June 30, 2025.

Management has concluded that future income forecasted to be generated is insufficient to support realization of Syncora Guarantee’s net deferred tax assets, thus a full valuation allowance has been established against the deferred tax assets of Syncora Guarantee at June 30, 2026 and December 31, 2025 for \$482.3 million and \$483.4 million, respectively. Tax years 2023 through 2026 are potentially subject to examination by the IRS and state and local authorities.

Operating loss carryforwards

- (1)

At June 30, 2026, the Company had Federal net operating loss carryforwards of \$2.3 billion available for Federal income tax purposes that will begin to expire from 2028 through 2046.
- (2)

At June 30, 2026, the Company had capital loss carryforwards of zero expiring from 2026 through 2031.
- (3)

Federal income taxes of \$3.5 million are available for recoupment in the event of future net losses.

The Company is utilizing \$4.2 million NOLs for the period ending June 30, 2026.

In connection with the sale of the Company to Syncora FinanceCo LLC., completed on December 30, 2019, the Company’s NOLs will be limited under Section 382, as described below. Approximately \$2.29 billion of the Company’s NOLs as of June 30, 2026 are subject to limitation under Section 382 of the Internal Revenue Code (“Section 382”) as a result of an ownership change, as defined under that code section. An ownership change, as defined under Section 382 generally occurs if the percentage stock ownership of shareholders owning (or deemed under Section 382 to own) 5% or more in the aggregate, increases by more than 50 percentage points over the lowest percentage of stock owned by such shareholders during a defined period of time.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans:

There has been no change from that discussed in the Company’s 2025 Annual Statement except as discussed below.

Beginning April 1, 2020 employees of Syncora Guarantee could participate in a qualified defined contribution retirement plan for the benefit of all eligible employees. This plan is maintained by Syncora Guarantee. Employer contributions to the plan are based on a fixed percentage of employee contributions and compensation as defined by the plan. For the six months ended June 30, 2026 and 2025, the Company incurred expenses of \$0.1 million and \$0.1 million, respectively, relating to employer contributions made to the aforementioned plan.

Notes to Financial Statements

13. Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations:

There has been no change from that disclosed in the Company’s 2025 Annual Statement with regard to disclosures 13.A. D. E. F. G. H. I. and L. in such Annual Statement. However, in regard to disclosures required by 13.B, 13.C, 13.J. and 13.K. see the updates below.

B. The Company has 2,000 Series B Preferred shares authorized, all of which are issued. During 2019, the Company purchased from third parties \$100.3 million of aggregate face amount of Pass-Through Trust Preferred Securities issued by the Twin Reefs Pass-Through Trust, in which the Twin Reefs Securities purchased correspond to 1,003 shares of the Company’s Series B Preferred shares. As a result of these purchases, the Company currently holds 1,658 shares of its Series B Preferred shares as treasury stock, which includes the 655 shares previously held by the Company. These shares have a par value of \$120 per share and a liquidation preference of \$100,000 per share. Holders of these preferred shares shall be entitled to receive, in preference to the holders of common shares, non-cumulative cash dividends at a variable rate equal to one-month LIBOR plus 2.00% per annum, calculated on an actual/360 day basis, when and if declared by the Board of Directors of the Company. On September 22, 2025, the Company paid a one-time dividend to holders of the Twin Reefs Pass-Through Certificates equal to one-year’s interest. On September 18, 2024, the Company paid a one-time dividend to holders of the Twin Reefs Pass-Through Certificates equal to one-year’s interest. On August 25, 2023, the Company paid a one-time dividend to holders of the Twin Reefs Pass-Through Certificates equal to one-year’s interest. On May 20, 2022, the Company paid a one-time dividend to holders of the Twin Reefs Pass-Through Certificates equal to one-year’s interest.

The holders of the preferred shares are not entitled to any voting rights and their consent is not required for taking any corporate action with certain limitations. Subject to certain requirements, the preferred shares may be redeemed, in whole or in part, at the option of Syncora Guarantee at any time or from time to time for cash at a redemption price equal to the liquidation preference per share plus any accrued and unpaid dividends thereon to the date of redemption without interest on such unpaid dividends.

C. The ability of the Company to declare and pay a dividend to shareholders is governed by applicable New York law, including the NYIL. Under Section 4105 of the NYIL, the Company is permitted to pay dividends to shareholders in any 12-month period, without the prior approval of the NYDFS in an amount equal to the lesser of 10% of its policyholders’ surplus as of the last financial statement filed with the NYDFS (annual or quarterly) or their adjusted net investment income for the 12-month period, as determined in accordance with Statutory Accounting Practices prescribed or permitted by the NYDFS. The NYIL also provides that the Company may distribute dividends to shareholders in excess of the aforementioned amount only upon approval thereof by the NYDFS. Even if these tests are satisfied, New York Insurance Law provides a further test in that the Company may not declare or distribute any dividends to shareholders except out of “earned surplus” (an amount equal to “unassigned funds” as shown on its statutory balance sheet, which as of June 30, 2026 was \$227.7 million, less “unrealized appreciation of assets”). The NYDFS may disapprove such dividends to shareholders if it finds that the Company will retain insufficient surplus to support its obligations and writings. On September 12, 2025, the Company declared an ordinary dividend of \$23,993,433 and the dividend was paid on September 29, 2025. On September 11, 2024, the Company declared an ordinary dividend of \$28,642,282 and the dividend was paid on September 26, 2024. On August 22, 2023, the Company declared an ordinary dividend of \$26,515,643 and the dividend was paid on August 25, 2023. On May 16, 2022, the Company declared an extraordinary dividend of \$300,000,000 and the dividend was paid on May 20, 2022.

J. As of June 30, 2026, the portion of unassigned funds (surplus) represented by or reduced by each item below is as follows:

a.	unrealized (gains) and losses:	\$	1,694,341
b.	non-admitted asset values:	\$	448,369

K. As of June 30, 2026, the Company had no surplus notes outstanding.

L. The Company has never been party to a quasi-reorganization.

Notes to Financial Statements

There has been no change from that discussed in the Company’s 2025 Annual Statement.

E. **Product Warranties**

There has been no change from that discussed in the Company’s 2025 Annual Statement.

F. **All Other Contingencies**

All of the CDS contracts insured by the Company have mark-to-market termination payments following a failure by the Company to pay a claim related to the CDS contract or the occurrence of events that are outside the Company’s control, such as the Company being placed into receivership or rehabilitation by the NYDFS or the NYDFS taking control of the Company. Mark-to-market termination payments for which the Company would have to pay a termination payment are generally calculated either based on “market quotation” or “loss” (each as defined in the ISDA Master Agreement). “Market quotation” is calculated as an amount (based on quotations received from dealers in the market) that the counterparty would have to pay another party (other than monoline financial guarantee insurance companies) to have such party takeover the Company’s position in the CDS contract. “Loss” is an amount that a counterparty reasonably determines in good faith to be its total losses and costs in connection with the CDS contract, including any loss of bargain, cost of funding or, at the election of such counterparty, but without duplication, loss or cost incurred as a result of its terminating, liquidating, obtaining or reestablishing any hedge or related trading position. If the Company failed to pay claims related to all of its insured CDS contracts or were placed into receivership or rehabilitation by the NYDFS or the NYDFS took control of the Company, the aggregate termination payments that the Company would be required to pay would significantly and adversely affect the Company’s financial liquidity and, accordingly, such events would have a material adverse effect on the Company’s financial position and results of operations. The Company’s reserves for unpaid losses and loss adjustment expenses do not consider the effect of mark-to-market termination payments. In connection with the Company’s reinsurance agreement with Assured Guaranty, substantially all of the CDS contracts insured by the Company have been reinsured by Assured Guaranty. However, the reinsurance agreement does not generally cover any mark-to-market termination payments.

As described in Note 21.G, the Company entered into a Credit Agreement and related Security Agreement with Assured Guaranty, pursuant to which Assured Guaranty agreed to make loans to the Company to fund its claims payments on remediated RMBS. To secure its obligations thereunder, the Company pledged as collateral certain of its insurance cash flow certificates.

In the ordinary course of business, Syncora Guarantee is subject to litigation or other legal proceedings. See also Note 21.G. and H. for certain other contingencies.

15. Leases:

There has been no significant change from that discussed in the Company’s 2025 Annual Statement.

16. Information About Financial Instruments with Off-Balance Sheet Risk And Financial Instruments With Concentrations of Credit Risk:

While the Company establishes reserves for losses and loss adjustment expenses on obligations it has guaranteed or reinsured to the extent it determines that losses are probable and reasonably estimable, the risk of loss under the Company’s guarantees extends to the full amount of unpaid principal and interest on all debt obligations it has guaranteed (see description of financial guarantee insurance and reinsurance in Note 21.H.). The tables below reflect certain information regarding the Company’s in-force principal and interest exposure at June 30, 2026.

Exposure to Residential Mortgage Market

The Company is exposed to residential mortgages directly through its insurance guarantees of RMBS.

The following table presents the principal outstanding for the Company’s insured RMBS portfolio by type⁽¹⁾ of collateral as of June 30, 2026:

RMBS Exposure
(U.S. dollars in millions)

	Retained business		Ceded business	
	Amount	%	Amount	%

⁽¹⁾ Collateral type is defined as follows: Prime (1st lien) mortgage loans are secured by first liens on one-to-four family residential properties. The underwriting standards used to underwrite prime mortgage loans are the standards applied to the most creditworthy borrowers and are generally acceptable to Fannie Mae and Freddie Mac. Prime (2nd lien) mortgage loans are secured by 2nd liens on one-to-four family residential properties. The underwriting standards used to underwrite prime mortgage loans are the standards applied to the most creditworthy borrowers and are generally acceptable to Fannie Mae and Freddie Mac. This category also includes Alt-A (2nd lien) loans. HELOC is an adjustable rate line of credit secured by a second lien on residential properties. An Alt-A loan means a mortgage loan secured by first liens on residential properties, which is ineligible for purchase by Fannie Mae or Freddie Mac. Subprime (1st lien) mortgage loans are secured by first liens on residential properties to non-prime borrowers. The underwriting standards used to underwrite subprime mortgage loans are less stringent than the standards applied to the most creditworthy borrowers and less stringent than the standards generally acceptable to Fannie Mae and Freddie Mac with regard to the borrower’s credit standing and repayment ability. Subprime (2nd lien) mortgage loans are secured by second liens on residential properties to non-prime borrowers. See Subprime (1st lien) for a description of the underwriting standards. Subprime (1st lien) – International mortgage loans are secured by first liens on residential properties to non-prime borrowers located outside the United States.

20. Fair Value Measurement:

- A. Inputs Used for Assets and Liabilities Measured at Fair Value

- (1) Assets and Liabilities measured at fair value

The Company has categorized its assets that are measured at fair value into the three-level fair value hierarchy as reflected in the table below. The three-level fair value hierarchy is based on the degree of subjectivity inherent in the valuation method by which fair value was determined. The three levels are defined as follows.

Level 1- Quoted prices for identical instruments in active markets.

Level 2- Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations in which all significant inputs and valuation drivers are observable in active markets.

Notes to Financial Statements

Level 3- Model-derived valuations in which one or more significant inputs or significant value drivers are unobservable.

The following fair value hierarchy table presents the Company’s assets and liabilities measured at fair value at June 30, 2026.

- G. Description of Significant Risks and Uncertainties, and Description of the Company’s On-Going Strategic Plan:

The Company is exposed to significant risks and uncertainties that may materially affect its operations, financial and liquidity position. These relate to, among other things, (i) the potential for future adverse loss and claims development on its insured obligations or salvage and (ii) the amount or timing of anticipated recoveries of salvage on Puerto Rico - related claims payments, and (iii) the performance of Assured Guaranty under the reinsurance and related agreements. These risks and uncertainties are discussed more fully below and could materially and adversely affect the Company’s results of operations, financial condition and liquidity.

Description of Significant Risks and Uncertainties Related to Puerto Rico Exposures

- As of June 30, 2026, the Company has \$128.5 million Puerto Rico-related risk (excluding interest outstanding of \$3.9 million), which includes direct insurance and reinsurance of bond policies, direct investments by the Company solely as a result of remediation transactions and salvage and subrogation rights on the Puerto Rico related claims payments. The risk relates primarily to bonds issued by the Puerto Rico Electric Power Authority (“PREPA”) of \$122.5 million (excluding interest outstanding of \$3.3 million) and \$6.0 million of risk related to other obligations of Puerto Rico (excluding interest outstanding of \$0.6 million). As of June 30, 2026, the Company paid approximately \$325.9 million in net claims, representing principal and interest due related to Commonwealth, PREPA and other obligation of Puerto Rico exposures. Given that the Puerto Rico proceedings under PROMESA (as detailed below) may continue for an extended period, the Company may be required to make further material claims payments and therefore further increase the proportion of its assets that are comprised

Notes to Financial Statements

of salvage and subrogation rights. Recoveries relating to these rights and interests could be long-dated, which could have a material adverse effect on the Company’s short-term liquidity needs.

On June 30, 2016, the Puerto Rico Oversight, Management, and Economic Stability Act (“PROMESA”) was enacted, which provides Puerto Rico and its instrumentalities with both an in-court (Title III) and out-of-court (Title VI) process to restructure debts and bind holdouts. PROMESA provides for the establishment of an Oversight Board, which the President appointed on August 31, 2016, with the authority to approve adjustments of debt of Puerto Rico and its instrumentalities, including PREPA. Thereafter, there have been additional changes to the membership of the Oversight Board. On August 1, 2025, the President terminated five members of the Oversight Board. On August 13, 2025, the President terminated an additional member of the Oversight Board, resulting in only one remaining active member of the Oversight Board. On October 3, 2025, Judge María Antongiorgi-Jordán of the U.S. District Court of Puerto Rico granted a preliminary injunction filed by three former members of the Oversight Board that, among other things, precludes treating these members as being removed from their positions pending completion of the litigation. On December 2, 2025, the President appealed the ruling. The litigation was held in abeyance pending resolution of other matters, but the litigation is now set to resume before the First Circuit Court of Appeals.

On May 3, 2017, the Oversight Board filed a petition under Title III on behalf of the Commonwealth. On July 2, 2017, the Oversight Board filed a petition under Title III on behalf of PREPA. The Commonwealth’s and PREPA’s Title III proceedings increase the risk and uncertainty relating to the ultimate recovery on the Commonwealth’s general obligations bonds and of PREPA’s power revenue bonds.

On July 30, 2018, the Oversight Board announced that it entered into a preliminary restructuring support agreement with the ad hoc group of PREPA bondholders, PREPA and the Commonwealth. This agreement contemplates the exchange of outstanding uninsured PREPA bonds for two classes of new securitization bonds and does not address the treatment of insured PREPA bonds. On April 9, 2019, the Oversight Board, PREPA and the Commonwealth announced that they had reached an agreement in principle for a definitive restructuring support agreement (the “Definitive RSA”) with Assured Guaranty Corp., Assured Guaranty Municipal Corp. and the ad hoc group of PREPA bondholders, which supersedes the July 2018 preliminary restructuring support agreement. On September 9, 2019, the Company became a party to the Definitive RSA pursuant to an Amendment that governs the treatment of bonds held or insured by the Company. On March 8, 2022, the Puerto Rico Fiscal Agency and Financial Advisory Authority (“AAFAF”) announced that it terminated the Definitive RSA stating that the Definitive RSA was “neither feasible nor in the best interests of Puerto Rico” in light of the significantly changed circumstances. On March 17, 2022, the Oversight Board disclosed that it has reached an agreement with AAFAF, the Company and certain other creditors regarding engaging in a mediation process to achieve a confirmable PREPA plan of adjustment. On April 8, 2022, the Court entered an order appointing a team of judicial mediators for the PREPA Title III case and directing that the mediation shall terminate on June 1, 2022. The Court subsequently entered several orders extending the PREPA mediation process, which is currently set to terminate on October 31, 2026.

On September 16, 2022, the Oversight Board disclosed that the parties were unable to reach a mediated agreement and it sought to resume litigation of certain disputes whose resolutions can help facilitate plan confirmation. On December 16, 2022, the Oversight Board filed a plan of adjustment for PREPA, as well as a corresponding disclosure statement. The PREPA plan of adjustment and disclosure statement were subsequently amended several times. On October 18, 2023, the Company and certain other monoline insurers and bondholders who hold or insurer over 49% of the PREPA power revenue bonds entered into a cooperation agreement. Pursuant to the cooperation agreement, the signatories disclosed that they have all independently decided to oppose the pending PREPA plan of adjustment and they desire to work collaboratively to propose and negotiate potential alternative plans or transactions. The cooperation agreement, as amended, is set to terminate on August 31, 2027. On October 1, 2025, an ad hoc group of bondholders informed the Oversight Board that it terminated its support for PREPA’s proposed plan of adjustment and joined the cooperation agreement. Holders of over 90% of holders of PREPA’s bondholders are currently parties to the cooperation agreement.

In accordance with the Court approved litigation schedule, on September 30, 2022, the Oversight Board filed an amended complaint objecting to and challenging, among other things, the validity, enforceability, and extent of the PREPA bondholders’ prepetition security interests, including the PREPA bonds held or insured by the Company. On October 7, 2022, the Court entered an order allowing the Company, as well as certain other monoline insurers and bondholders, to intervene as defendants with full participation rights in the litigation. On March 22, 2023, the Court issued an opinion granting in part and denying in part each of the summary judgment motions. In particular, the Court found, among other things, that the bondholders (i) only have a secured claim with respect to specific funds set aside for bond repayments, (ii) have no security interest in the trust agreement’s “covenants and remedies,” and (iii) have an unsecured deficiency claim in the form of an unsecured net revenue claim, which is to be calculated by reference to the value of future net revenues that would have become collateral upon being deposited in the sinking funds and thus payable to the bondholders over the remaining life of the bonds. On June 26, 2023, the Court estimated the bondholders’ unsecured deficiency claim at \$2.388 billion as of July 3, 2017. On November 28, 2023, the Court issued an order dismissing the bondholders’ remaining counterclaims that were not resolved by the court’s prior rulings. Several parties, including the Company, appealed these rulings. On June 12, 2024, the U.S. Court of Appeals for the First Circuit issued an opinion reversing several of Judge

Notes to Financial Statements

Swain’s rulings in the lien challenge adversary proceeding. In particular, the First Circuit held that the PREPA bondholders have a nonrecourse claim of roughly \$8.5 billion that is secured by PREPA’s net revenues, including future revenues, irrespective of whether they were deposited into specific funds. On June 26, 2024, the Oversight Board and the Creditors’ Committee filed petitions seeking en banc review of the First Circuit’s ruling. On November 13, 2024, the First Circuit vacated its prior June 2024 ruling and issued an amended ruling, which reaffirmed the First Circuit’s prior conclusions. In particular, the First Circuit held that PREPA’s net revenues are best classified as general intangibles and the PREPA bondholders have a nonrecourse claim of roughly \$8.5 billion that is secured by PREPA’s net revenues, including future revenues, irrespective of whether they were deposited into specific funds. On November 27, 2024, the Oversight Board and the Creditors’ Committee filed petitions seeking en banc review of the First Circuit’s amended ruling, which petitions were denied on December 31, 2024.

At a July 10, 2024, status conference Judge Swain issued a stay of all PREPA confirmation and bond-related litigation for at least 60 days and ordered the parties to reengage in mediation. The Court subsequently entered several orders extending the PREPA litigation stay, most recently extending the litigation stay sine die. On February 24, 2025, certain bondholders and monoline insurers, including the Company, filed a motion seeking relief from the PREPA litigation stay to pursue certain relief. On March 20, 2025, the Court modified the litigation stay to allow the PREPA bondholders, including the Company, to file a motion for allowance of an administrative expense claim for alleged postpetition misuse of PREPA’s net revenues. On April 7, 2025, the PREPA bondholders filed a motion seeking an administrative expense priority claim of at least \$3.7 billion (the “Administrative Expense Motion”), which was opposed by the Oversight Board and certain other parties. On March 16, 2026, the Court denied the Administrative Expense Motion. Thereafter, several bondholders and monoline insurers, including the Company, filed notices of appeal of the Court’s ruling and the appeals remain pending before the U.S. Court of Appeals for the First Circuit.

On March 28, 2025, the Oversight Board filed a further amended PREPA plan of adjustment (the “Fifth Amended Plan”) and a further amended disclosure statement for the Fifth Amended Plan. A confirmation schedule for the Fifth Amended Plan has not been filed yet. The Oversight Board announced that it will determine how to proceed with the Fifth Amended Plan after the resolution of the Administrative Expense Motion and other litigation involving the PREPA bondholders.

With respect to the Commonwealth of Puerto Rico’s general obligation bonds, on February 23, 2021, the Oversight Board announced that it entered into a new Plan Support Agreement (the “New PSA”) with certain bondholders and monoline insurers, including the Company, which will be incorporated into an amended plan of adjustment for the Commonwealth, the Employees Retirement System of the Government of the Commonwealth of Puerto Rico (“ERS”) and the Puerto Rico Public Buildings Authority (the “PBA”). The New PSA was supported by holders of more than \$13 billion of general obligation and PBA bonds, including the Company, Assured Guaranty and National Public Finance Guarantee Corp. The New PSA provides for the treatment of Commonwealth and PBA bonds, including those held or insured by the Company. On July 27, 2021, the Oversight Board filed a sixth amended plan of adjustment (as may be further amended, the “Commonwealth Plan”) for the Commonwealth, PBA and ERS, as well as a further amended disclosure statement, which incorporated various settlements. On January 18, 2022, the Court issued an order confirming the Commonwealth Plan (the “Confirmation Order”), which provides a combination of cash and new bonds in exchange for the bonds held or insured by the Company. On March 15, 2022, the Commonwealth Plan was substantially consummated and became effective. While certain creditors appealed the Confirmation Order to the United States Court of Appeals for the First Circuit, the First Circuit denied the various appeals and affirmed the Confirmation Order.

Due to the pending PREPA Title III case, the Company may experience further losses on these insured obligations which could have a material adverse effect on the Company’s surplus, liquidity and financial position.

As of June 30, 2026, in respect of its Puerto Rico-related exposure, the Company has made substantial claim payments and anticipates that it may be requested to make further payments in the period 2026 to 2031 of at least approximately \$57.5 million, followed in later years (in some cases significantly later years) by recoveries of these claims payments. The amount and timing of this salvage and recoveries related to all of these payments are subject to greater uncertainty than the amount and timing of such future claims payments themselves. Pursuant to the Company’s accounting policy and guidance under SSAP, the net present value of estimated claims and recoveries (including salvage and subrogation) are reflected in the Company’s loss reserves (see the Company’s accounting policy on reserves in Note 1.C.). Because of the inherent uncertainty in estimating future claim payments and recoveries, no assurance can be given that the amount or timing of claims payments, related recoveries, or ultimate losses match the Company’s estimates, and such differences could materially and adversely affect the Company’s results of operations, financial condition and liquidity. The Company may also experience significant adverse development on its insured obligations that may place further demands on the Company’s liquidity and financial position. See Note 36.B “*Schedule of Insured Financial Obligations with Credit Deterioration*” caption for further discussion.

Description of Other Significant Risks and Uncertainties and Other Matters

Notes to Financial Statements

- Effective June 1, 2018, the Company entered into with Assured Guaranty (i) a reinsurance agreement, pursuant to which the Company ceded \$12.1 billion of its insured exposure to Assured Guaranty, (ii) an administrative services agreement with Assured Guaranty pursuant to which Assured Guaranty provide certain administrative services with respect to the reinsured policies, including reporting and making claims payments, and (iii) a credit agreement and related security agreement, pursuant to which Assured Guaranty agreed to make loans to the Company to fund its claims payments on remediated RMBS. As a result of the reinsurance transaction, the Company is exposed to reinsurance counterparty credit risk that the reinsurer may default in its financial obligations with respect to the terms of reinsurance agreement. This credit risk could cause increased losses and loss reserves and a reduction in reinsurance recoverables. In addition, the failure of Assured Guaranty to perform under the administrative services agreement or the credit agreement could cause a disruption to the Company’s insurance operations and could increase operational costs and the Company’s liquidity needs. As of June 30, 2026, the insured exposure ceded to Assured Guaranty was approximately \$3.3 billion.
- The Company and its financial position will continue to be subject to risk of global financial and economic conditions, including the impact of the COVID-19 pandemic, that could materially and adversely affect the amount of potential losses (including the timing and amount of potential claims and subsequent recoveries) incurred on transactions it guarantees, the value of its investment portfolio, and otherwise materially and adversely affect the Company. With respect to the Company’s investment portfolio, may adversely affect the Company’s ability to generate sufficient investment income to fund its future obligations. Issuers or borrowers whose securities or loans the Company insures or holds as well as the Company’s counterparties under swaps and other derivative contracts may default on their obligations to the Company due to bankruptcy, insolvency, lack of liquidity, adverse economic conditions, operational failure, fraud or other reasons. Additionally, the underlying assets supporting securities that the Company has guaranteed may deteriorate further, causing these securities to incur losses. At this time, it is not possible to determine the ultimate impact that the global pandemic, and any resulting economic issue, will have on the Company.
- The Financial Conduct Authority of the United Kingdom phase out the London Interbank Offered Rate (“LIBOR”) tenors that related to the Company’s outstanding exposures. The Company’s exposures are now using Secured Overnight Financing Rate (“SOFR”). As of June 30, 2026, the Company has SOFR based gross and net par outstanding insured exposure of \$197.4 million and zero, respectively. An increase in interest rates, the phase out of LIBOR and the difference between LIBOR and SOFR could have an adverse effect on the Company’s surplus, liquidity and financial position, although no such impact has been observed from the transition to SOFR thus far.
- Establishment of case basis reserves for unpaid losses and loss adjustment expenses on the Company’s in-force business requires the use and exercise of significant judgment and is based on certain assumptions by management, including estimates regarding the likelihood of occurrence, timing and amount of a loss on a guaranteed obligation. Changes in such assumptions could materially adversely affect such reserve estimates, including the amount and timing of any claims. Under certain conditions, many of which are event-driven and outside the control of the Company, these exposures may result in significant increases in claims beyond those assumed in the Company’s reserve estimate (that may or may not result in an increase in such loss reserves) in the near to medium term. A material portion of the Company’s case basis reserves reflects certain assumptions that affect salvage and reimbursements in the remainder of its insured and reinsured portfolio. Actual experience may, and likely will, differ from those estimates and such difference may be material due to the fact that the ultimate dispositions of claims are subject to the outcome of events that have not yet occurred and, in certain cases, will occur over many years in the future. Examples of these events include changes in the level of interest rates, credit deterioration of guaranteed obligations, recoveries in bankruptcy proceedings, changes in the value of specific assets supporting guaranteed obligations, changes in the level of investment yield and the effects of the COVID-19 pandemic. Both qualitative and quantitative factors are used in making such estimates. From time to time the Company reevaluates all such estimates. Changes in these estimates may be material and may result in material changes in the Company’s policyholders’ surplus. Any estimate of future costs is subject to the inherent limitation on management’s ability to predict the aggregate course of future events. It should, therefore, be expected that the actual emergence of losses and claims will vary, perhaps materially, from any estimate. The risk of loss under the Company’s guarantees extends to the full amount of unpaid principal and interest on all debt obligations it has guaranteed.
- The Company has sought, and may in the future seek, the NYDFS’s approval of permitted accounting practices and other regulatory relief which have, and if granted may have, a material effect on the Company’s policyholders’ surplus. Once granted, these permitted accounting practices have been subject to an annual approval or confirmation. No assurance can be given that the NYDFS will continue to grant approval of the Company’s past or any future permitted accounting practices or requested regulatory relief. Failure to obtain continuing approval of the past or future permitted accounting practices or requested regulatory relief could have a material adverse effect on the Company’s policyholders’ surplus. See Note 1.A. for discussion of permitted accounting practices.
- The Company may request, from time to time, a payment of dividends on its common shares. The Company’s ability to pay dividends on its preferred and common shares is subject to risks and uncertainties, including, without limitation, prior regulatory approval by the NYDFS. See Note 13.C for further discussion. No assurance can be given as to whether, when or in what amounts the

Notes to Financial Statements

Company may be able to pay any dividends on its preferred and/or common shares. As discussed in Note 13.C. the Company’s ability to pay dividends is subject to regulatory constraints.

- The Company is involved in legal proceedings. Management cannot predict the outcomes of these legal proceedings with certainty. Prosecuting these legal proceedings involves expense and diversion of management’s attention and resources from other matters.
- The Company relies upon information technology and systems, including those of third parties, to support a variety of its business processes and activities. In addition, the Company has collected and stored confidential information. The Company’s data systems and those of third parties on which it relies may be vulnerable to security breaches from external and internal factors. Problems in, or security breaches of, these systems could result in, among other things, reputational harm, the disclosure or misuse of confidential or proprietary information, inaccurate loss projections, legal costs and regulatory penalties. As the Company’s business operations rely on the continuous availability of its computer systems, as well as those of certain third parties, a failure to maintain business continuity in the wake of disruptive events could prevent the timely completion of critical processes across its operations, including, for example, claims processing and investment operations. These failures could result in additional costs, fines and litigation.
- The Company’s success substantially depends upon its ability to retain qualified employees and upon the ability of its senior management and other key employees to implement its strategic plan. The Company relies substantially upon the services of its executive team and other key employees. The loss of the services of any of these individuals or other key members of the Company’s management team or the inability to hire talented personnel could adversely affect the implementation of its strategic plan or business operations.
- The Company may be unable to execute any or all of the elements of its on-going strategic plan on a timely basis or at all as described below.

Risks related to Strategy

On December 30, 2019, Syncora Holdings Ltd. (“Syncora Holdings”) and its subsidiary, Syncora Holdings US Inc. sold their entire ownership interest in Syncora Guarantee to Syncora FinanceCo LLC. (“Syncora FinanceCo”), an entity organized by GoldenTree Asset Management LP (“GoldenTree”) on behalf of GoldenTree’s managed funds and accounts. Upon sale, the Company retained certain of its employees in an effort to provide a smooth transition to its new ownership structure.

Syncora Guarantee’s parent, Syncora FinanceCo, is a holding company with no independent operations or assets and is dependent on dividends from Syncora Guarantee, if any, to fund its liquidity needs. Syncora FinanceCo has advised Syncora Guarantee that it may request that Syncora Guarantee pay one or more dividends for this purpose in the future. Syncora Guarantee’s ability to pay any dividend would be subject to compliance with applicable legal and other requirements, including any required approval of the NYDFS.

Furthermore, Syncora Guarantee continues to pursue certain key strategic initiatives in order to continue to deliver enhanced value (including the potential to declare and pay dividends) to stakeholders. These initiatives include (i) actively and continuously focusing on reducing the Company’s retained insured exposures (through their purchase on the open market or otherwise, commutation, defeasance, reinsurance or other restructuring) to minimize potential claim payments, maximize recoveries and mitigate potential losses, some of which may result in a material decrease in our retained exposure, if consummated, which further reduced the Company’s net par outstanding significantly, (ii) seeking to realize the maximum value of its assets, and from any other rights and remedies the Company may have, (iii) seeking to novate or, itself or its affiliates, purchase with a view towards novating to Assured Guaranty, the policies reinsured to Assured Guaranty that have not yet been novated to Assured Guaranty as of June 30 2026, which novation may lead to a change in the credit ratings of the related securities, (iv) further reducing operating expenses and improving operational efficiencies, and (v) the ongoing performance of Assured Guaranty of the services provided by it in respect of the reinsurance agreement and the administrative services agreement.

Any or all of these actions may be outside the ordinary course of the Company’s operations or its control and may require consents, approvals or cooperation of third parties, including the NYDFS, and there can be no assurance that any such consents, approvals or cooperation will be obtained on a timely basis or at all. In addition, while the parties to the reinsurance agreement agreed to use commercially reasonable efforts to cooperate on novations for three years after the closing date of June 1, 2018, that period ended June 1, 2021.

Risks related to COVID-19

While the COVID-19 pandemic has subsided, it still remains impossible to predict the long-term impact of the pandemic on the global economy, our vendors and our operations. There were severe economic disruptions globally that may continue to be felt for some time. Although the direct impact on the Company from the pandemic has been non-material thus far, there can be no assurance given at this time as to the ultimate impact of COVID-19 on the Company and its operations.

Reinsurance Transaction

On June 1, 2018, Syncora Guarantee closed the previously announced reinsurance transaction with Assured Guaranty Corp. (“Assured Guaranty”) pursuant to which Assured Guaranty agreed to provide reinsurance, generally on a 100% quota share basis, to Syncora Guarantee of approximately \$12.1 billion of net par outstanding of Syncora Guarantee-insured financial guaranty insurance policies, representing approximately 92% of Syncora Guarantee’s outstanding insured exposure. As consideration for the transaction, which also involved a commutation of a small book of business ceded to Syncora Guarantee by an Assured Guaranty affiliate which is included in the par outstanding numbers above, Syncora Guarantee paid approximately \$360 million (which amount includes ceded reserves) and assigned over future installment premium for the reinsured policies. In addition, Syncora Guarantee exercised its option to cede certain debt service reserve fund surety and interest rate swap policies for an additional premium payment of \$2.3 million. In addition, in connection with the reinsurance, Syncora Guarantee entered into an administrative services agreement with Assured Guaranty pursuant to which Assured Guaranty would provide certain administrative services with respect to the reinsured policies, including the obligation to administer and pay claims on behalf of the Company. The Company entered into with Assured Guaranty a credit agreement and related security agreement, pursuant to which Assured Guaranty agreed to make loans to the Company to fund its claims payments on remediated RMBS.

Effective Commutation or Defeasance of the Company’s Exposure to Insured RMBS Securities

In connection with the 2009 MTA, the Company invested in a fund (the “RMBS Fund”) that executed certain transactions designed to effectively defease or, in-substance, commute the Company’s exposure on certain of its financial guarantee insurance policies written on RMBS. The RMBS Fund purchased certain of such RMBS in return for a trust certificate of an owner trust representing the uninsured cash flows of such RMBS (“Uninsured Cash Flow Certificate”) plus a cash payment. In general, the RMBS Fund contributed any such purchased RMBS (and certain of the Company’s reimbursement rights) to separate owner trusts in return for certificates representing the cash flows consisting of insurance payments made on the policies insuring such RMBS (“Insurance Cash Flow Certificates”). In return for such investments, the Insurance Cash Flow Certificates were distributed to the Company. The Company will, should the cash flows from the underlying RMBS transaction be sufficient, receive certain reimbursement payments in respect of insurance payments previously made by the Company on such RMBS. The Company also entered into several alternative transactions effectively replicating the economics of the RMBS Offer.

In addition to the RMBS Offer, as part of its on-going strategic plan, the Company directly purchased certain RMBS that it had insured. Such directly purchased RMBS were exchanged by the Company for Insurance Cash Flow Certificates and Uninsured Cash Flow Certificates using the mechanics described above. The Uninsured Cash Flow Certificate may either be held or resold by the Company.

In connection with the reinsurance transaction as discussed above, the Company has substantially ceded all of its RMBS exposure to Assured.

See “(b)” to the table in Note 1.A. above for a description of the accounting for such effective defeasances or, in-substance, commutations.

H. Legal Matters:

In the ordinary course of business, the Company is subject to litigation or other legal proceedings as plaintiff and defendant. The Company intends to vigorously defend against any actions in which it is a defendant and vigorously prosecute any action in which it is a plaintiff, and the Company does not expect the outcome of any such matters to have a material adverse effect on the Company’s financial position, results of operations or liquidity. The Company can provide no assurance that the ultimate outcome of these actions will not cause a loss nor have a material adverse effect on the Company’s financial position, results of operations or liquidity.

Set forth below is a description of certain legal proceedings to which Syncora Guarantee is a party.

Puerto Rico

On August 24, 2023, the Company and GoldenTree Asset Management LP (“GoldenTree”) filed a renewed motion to lift the automatic stay in PREPA’s Title III case so that the bondholders can commence an action to enforce their statutory right to appoint a receiver for PREPA for the benefit of all PREPA bondholders. On August 25, 2023, the Court stayed the motion indefinitely without a hearing by finding that the motion was “substantially duplicative” of the previous motions filed by the Company and other creditors. The Company and GoldenTree appealed the order to the U.S. Court of Appeals for the First Circuit. After

Notes to Financial Statements

hearing oral argument on December 4, 2023, the First Circuit Court of Appeals issued a ruling on January 22, 2024, affirming Judge Swain’s ruling staying the renewed motion to lift the automatic stay. Among other things, the First Circuit found that the movants “waived their right to prompt notice and hearing on that motion for relief” because they previously accepted a litigation schedule that postponed any hearing on their motion until after the completion of the PREPA lien challenge adversary proceeding. However, the First Circuit noted that its decision does not preclude the filing of an amended or renewed motion in light of the court’s final rulings in the lien challenge adversary proceeding. On February 16, 2024, the Company and GoldenTree filed a further renewed motion to lift the automatic stay in PREPA’s Title III case so that the bondholders can commence an action to enforce their statutory right to appoint a receiver for PREPA for the benefit of all PREPA bondholders. On February 20, 2024, the Court denied the request for an expedited hearing. The Ad Hoc Group of PREPA Bondholders and U.S. Bank, as PREPA bond trustee, subsequently filed joinders in support of the renewed motion to lift the automatic stay. On March 31, 2026, several bondholders and monoline insurers, including the Company, filed a motion for relief from the litigation stay in order to supplement and prosecute the pending motion to lift the automatic stay, among other relief. The Court allowed Syncora and the other movants to pursue an equitable accounting claim against PREPA, but otherwise denied the motion during a May 20, 2026, hearing. The parties are currently engaging in discovery and a hearing on the equitable accounting claim is scheduled for November 18, 2026.

On November 12, 2023, the Company and GoldenTree filed an adversary proceeding against the Oversight Board and PREPA alleging that the defendants have improperly sought to procure votes on PREPA’s plan of adjustment pursuant to various settlement agreements. Pursuant to section 1126(e) of the Bankruptcy Code, the plaintiffs are seeking to disqualify all such votes. On December 18, 2023, the Oversight Board filed a motion to dismiss the complaint. On January 3, 2024, the Court entered an order staying the adversary proceeding and finding that “the issues raised by the Complaint are more fairly and efficiently addressed in the context of the confirmation hearing on the” Fourth Amended Plan. Thereafter, on February 21, 2024, the Company and GoldenTree filed a motion seeking to designate and disqualify the votes of such creditors pursuant to section 1126(e) of the Bankruptcy Code. On February 23, 2024, the Title III Court entered an order noting that in light of the “substantial overlap” between the arguments raised in the designation motion and the arguments raised in the various confirmation objections, the designation motion will be decided without a separate hearing.

Also, on November 12, 2023, the Company and GoldenTree filed a complaint in the U.S. District Court for the District of Puerto Rico against the Commonwealth, Governor Pierluisi, AAFAF, and AAFAF Executive Director Omar Marrero asserting claims for violations of Puerto Rico law and the plaintiffs’ constitutional rights relating to the 2022 and 2023 PREPA fiscal plans. The complaint was transferred to the Title III Court. On November 24, 2023, the Oversight Board filed a motion seeking to void the complaint and directing the movants to withdraw the complaint, which the Company and GoldenTree opposed on December 8, 2023.

On September 19, 2022, certain creditors of PREPA, including the Company, filed a motion to dismiss PREPA’s Title III case, or in the alternative relief from the automatic stay to enforce their rights to appoint a receiver (the “Motion to Dismiss”). The Court entered an order staying the Motion to Dismiss. On March 31, 2026, several creditors of PREPA, including the Company, filed a motion for relief from the litigation stay in order to supplement and prosecute the Motion to Dismiss. On May 20, 2026, the Court denied the motion and ordered that the litigation stay should remain in place. Thereafter, several bondholders and monoline insurers, including the Company, filed notices of appeal of the Court’s ruling and the appeals remain pending before the U.S. Court of Appeals for the First Circuit.

On September 30, 2019, certain Fuel Line Lenders of PREPA filed an amended complaint against several parties, including the Oversight Board, PREPA and the Company. Among other things, the complaint is seeking priority payment for the plaintiffs’ claims against PREPA prior to any payments to the PREPA bondholders and to limit the lien securing the PREPA power revenue bonds. On November 11, 2019, the Company, together with certain other defendants, filed a motion to dismiss the amended complaint. The hearing on the motion to dismiss has been adjourned to a date to be determined Upon the effectiveness of PREPA’s proposed plan of adjustment and the settlement with the Fuel Line Lenders contained therein, this complaint will be dismissed with prejudice

Licenses

As of June 30, 2026, in 25 states or jurisdictions the Company’s license to conduct insurance business in such states or jurisdictions was suspended, revoked, had an order of impairment placed against it, expired, was voluntarily surrendered by the Company, or the Company agreed to cease writing business in such states or jurisdictions, or Syncora Guarantee opted not to renew its license in such states or jurisdictions. Management anticipates that Syncora Guarantee will be able to continue to collect premiums on existing business in such states or jurisdictions. Additional states or jurisdictions may suspend the Company’s license, place an order of impairment against it or, in lieu of a suspension or order, Syncora Guarantee may voluntarily agree to cease writing business and let such licenses expire or opt not to renew its licenses in additional states or jurisdictions.

Description of Financial Guarantee Insurance

Financial guarantee insurance provides an unconditional and irrevocable guarantee to the holder of a debt obligation of full and timely payment of the guaranteed principal and interest thereon when due. Financial guarantee insurance adds another potential source of repayment of principal and interest for an investor, namely the credit quality of the financial guarantor.

Generally, in the event of any default on an insured debt obligation, payments made pursuant to the applicable insurance policy may not be accelerated by the holder of the insured debt obligation without the approval of the insurer. While the holder of such an insured debt obligation continues to receive guaranteed payments of principal and interest on schedule, as if no default had occurred, and each subsequent purchaser of the obligation generally receives the benefit of such guarantee, the insurer normally retains the option to pay the debt obligation in full at any time. Also, the insurer generally has recourse against the issuer of the defaulted obligation and/or any related collateral for amounts paid under the terms of the insurance policy as well as pursuant to general rights of subrogation.

The issuer of an insured debt obligation generally pays the premium for financial guarantee insurance, either in full at the inception of the policy, as is the case in most public finance transactions, or in periodic installments funded by the cash flow generated by related pledged collateral, as is the case in most structured finance and international transactions. Typically, premium rates paid by an issuer are stated as a percentage of the total principal (in the case of structured finance and international transactions) or principal and interest (in the case of public finance transactions) of the insured obligation. Premiums are almost always non-refundable and are invested upon receipt. See Note 1.C.(1) of the Company’s 2025 Annual Statement for a description of NAIC SAP for premium revenue recognition.

Description of Financial Guarantee Reinsurance

Reinsurance indemnifies a primary insurance company against part or all of the loss that it may sustain under a policy that it has issued. All of the reinsurance protection purchased or provided by the Company is quota share reinsurance. Quota share reinsurance involves one or more reinsurers taking a stated percent share of each policy that an insurer produces (“writes”). This means that the reinsurer will receive that stated percentage of each dollar of premiums and will pay that percentage of each dollar of losses. In addition, the reinsurer will allow a “ceding commission” to the insurer to compensate the insurer for the costs of writing and administering the business.

Reinsurance does not relieve a primary insurance company of its obligations under an insurance policy. While Assured Guaranty has a contractual obligation to the Company pursuant to the reinsurance agreement and administrative services agreement to administer and pay claims on the financial guaranty insurance policy, Assured Guaranty has no direct obligations to any beneficiary or holder of the financial guaranty insurance policy. Accordingly, Assured Guaranty’s financial strength ratings will not be conferred on such policy.

H. Run-off Agreements

In connection with the reinsurance agreement with Assured Guaranty Corp., as discussed in Note 21.G., the Company sought “run-off” accounting treatment from the NYDFS as required under Statements of Statutory Accounting Principles No. 62R, Property and Casualty Reinsurance (“SSAP No. 62R”) “Accounting for the Transfer of Property and Casualty Run-off Agreements”. SSAP No. 62R provides that property and casualty run-off agreements are those reinsurance or retrocession agreements that are intended to transfer essentially all the risks and benefits of a specific line of business or market segment that is no longer actively marketed by the transferring insurer or reinsurer. Under SSAP No. 62R, the accounting treatment for property and casualty run-off agreement must be approved by the domiciliary regulators of the transferring entity and the assuming entity. Assured Guaranty Corp. as assuming insurer, sought the same accounting treatment from its domiciliary regulator, the State of Maryland. Based on the NYDFS review of the reinsurance agreement and the analysis of the Company’s request, in addition to the conditioned approval from the State of Maryland approving Assured Guaranty Corp.’s run-off accounting treatment, the NYDFS approved the Company’s request for run-off accounting treatment.

I. Certified Reinsurer Rating Downgraded or Status Subject to Revocation

There has been no change from that disclosed in the Company’s 2025 Annual Statement.

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination:

There has been no change from that disclosed in the Company’s 2025 Annual Statement.

25. Changes in Incurred Losses and Loss Adjustment Expenses:

The Company’s reserves for unpaid losses and loss adjustment expenses represent its best estimate of: (i) the net present value of claims to be paid subsequent to the balance sheet date, less (ii) the net present value of recoveries subsequent to the balance sheet date and the net present value of installment premiums due from the counterparties to such guarantees subsequent to the balance sheet date. The Company’s best estimate of claims and recoveries was based on assumptions and estimates extending over many years into the future. Such assumptions and estimates are subject to the inherent limitation on the Company’s ability to predict the aggregate course of future events and, as a result, differences between estimated and actual results may be material. Reference should be made to Note 21 for information regarding the effect on the Company’s reserves for unpaid losses resulting from transactions which effectively defeased or, in-substance, commuted (in whole or in part) substantially all its guarantees on which it previously carried case reserves. Amounts disclosed below relating to the provision for losses for the six months ended June 30, 2026 reflect the effect, as previously disclosed, of certain elements of the 2009 MTA.

The Company recorded a provision for losses and loss adjustment expenses of \$(8.3) million and \$1.4 million for the six months ended June 30, 2026 and 2025, respectively. The 2026 benefit primarily reflected the benefit for certain public finance transactions and positive development for certain RMBS transactions. Reserves for unpaid losses and loss adjustment expenses on such guarantees, after giving effect to reinsurance, were \$(39.6) million as of June 30, 2026 (\$26.0 million before giving effect to reinsurance).

The Company’s estimates of reserves are determined based on an analysis of results of cash flow models. The models project expected cash flows from the underlying mortgage notes. The model output is dependent on, and sensitive to, key assumptions regarding default rates, draw rates, draw periods, recoveries and prepayment rates, among others. The cash flow from the mortgages is then run through the payment “waterfall” as set forth in the indenture for each transaction. Claims in respect of principal generally result when the outstanding principal balance of the mortgages is less than the outstanding principal balance of the insured notes, except when the principal balance is due for payment on the scheduled maturity date. Recoveries result when cash flow from the mortgages is available for repayment, typically after the insured notes are paid off in full.

The Company bases its default assumptions for the second lien transactions (HELOCs and CESs) in large part on recent observed default rates and the current pipeline of delinquent loans. The losses for the second lien transactions (HELOCs and CESs) are estimated based on a model using a constant default rate curve. The Company’s default assumptions for the first lien transactions are based on current delinquent loans and analysis of historical defaults for loans with similar characteristics.

The Company's case basis reserves for unpaid losses are discounted on a non-tabular basis. The discount rate used at June 30, 2026 and December 31, 2025 was 6.83%. The discount rate is based on the book yield to maturity on the Company's invested assets. At June 30, 2026 and December 31, 2025, the Company's liability for unpaid losses and loss adjustment expenses was \$(39.6) million and \$(30.8) million, respectively. The amount of non-tabular discount at such dates was \$32.9 million and \$47.7 million, respectively.

36. Financial Guaranty Insurance:

Premiums charged in connection with the issuance of the Company’s guarantees are received either upfront at the inception of an insurance contract or in installments (usually monthly or quarterly) over the life of the underlying insured obligation. Such premiums are only recognized as written when due. In accordance with prescribed statutory accounting practices, future installment premiums on in-force policies not yet due are not recorded on the Company’s Statement of Assets, Liabilities, Surplus and Other Funds as premiums receivable.

A. (1) Installment Contracts

- a. As of June 30, 2026, the aggregate amount of installment premium to be collected in the future on the Company’s in-force policies, determined based on the contractual maturity of the underlying insured obligations, was \$17.7 million (\$4.5 million net of ceded reinsurance). The aforementioned amount of installment premium to be collected in the future may differ from the ultimate actual amount of installment premiums collected in the future on such in-force obligations for the reasons discussed above, and such difference may be material.
- b. The following table presents, as of June 30, 2026, the Company’s installment premiums on direct in-force business (on an undiscounted basis) expected to be collected in the future and the periods in which such collections are expected to occur.

(4) Risk Management Activities

The Company’s surveillance department is responsible for monitoring the performance of its in-force portfolio. The surveillance department maintains a list of credits that it has determined need to be closely monitored and, for certain of those credits, the department undertakes remediation activities it determines to be appropriate in order to mitigate the likelihood and/or amount of any loss that could be incurred by the company with respect to such credits. The department also looks to maximize recoveries from claims that have already been paid.

The surveillance department focuses its review on monitoring lower rated bond sectors and potentially troubled sectors. In addition, the surveillance department is monitoring the impact on the in-force portfolio from the COVID-19 outbreak to evaluate potential risk to the Company.

The Company estimates claims based on its surveillance department’s best estimate of net cash outflows under a contract, on a present value basis. In some cases, the surveillance department will engage an outside consultant with appropriate expertise in the underlying collateral assets and respective industries to assist management in examining the underlying collateral and determining the projected loss frequency and loss severity. In such cases, the surveillance department will use that information to run a cash flow model that includes enhancement levels and debt service to determine whether a claim is probable, possible or not likely.

The activities of the Company’s surveillance department are integral to the identification of specific credits that have experienced deterioration in credit quality and the assessment of whether losses on such credits are probable, as well as any estimation of the amount of loss expected to be incurred with respect to such credits. Closely monitored credits are divided into four categories: (i) Loss List—credits where a loss is probable and reasonably estimable and a case reserve is established; (ii) Red Flag List—credits where a loss is possible but not probable or reasonably estimable, including credits where claims may have been paid or may be paid but full recovery is in doubt; (iii) Yellow Flag List—credits that the Company determines to be non-investment grade but a loss is unlikely, including credits where claims may have been paid or may be paid but reimbursement is likely; and (iv) Special Monitoring List—low investment grade credits where a material covenant or trigger may be breached and closer monitoring is warranted. Credits that are not closely monitored credits are considered to be fundamentally sound, normal risk.
